# Tyler Dinslage

## Full Stack Web Development

Certified Full Stack Web Developer, familiar with a wide range of programming utilities and languages. Experienced in backend and frontend development. Team player with great technical skills, clear communication, and an excellent work ethic.

## PROJECTS

### NeedleJunkeez - <https://needlejunkeez.herokuapp.com/>

A music based social media site geared towards record collectors and audiophiles! You can create a profile, search for albums to add to your favorites, add friends and see their music, and even get links to buy the album! This is V1 of a group project as the developers intend to make additions and improvements. This application is built using the following packages: React, Node, Express, MongoDB, GraphQL, and Apollo. We also used the following API's: Spotify, Discogs, and Stripe.

### aquaDown - <https://aquadown.herokuapp.com/>

A plant care application that helps users take care of their plants by providing them with accurate and timely information about watering and sun exposure. Create a profile, search for your plants, and add them to your profile. View your profile to get a list of plants and their data. This is an app built to showcase my back-end skill set. It was a group project that uses NodeJS, Sequelize, MySQL, JavaScript, and Express

## EXPERIENCE

Sept '20 - Aug '22

Palisades Tahoe // Olympic Valley, CA 96146

### SNOWMAKING AND GROOMING

I was a snowmaker and groomer for Palisades Tahoe Resort. I was responsible for helping turn on the snowmaking system, make snow, and shut it down. I helped with every step from set up to running to tear down and all maintenance. I was a entry level groomer and helped groom & maintain ski runs. I also transported equipment around the mountain using heavy machinery.

April '16 - Sept '20

Lowe's // Silverthorne, CO 80497

### APPLIANCE & FLOORING SALES

I was responsible for educating myself on the various household appliances & flooring products. Aligning orders from the manufacturers all the way through delivery to the purchasing customer. In appliances, this included ordering the correct model of product; receiving it, scheduling delivery, and insuring a proper installation. For flooring it included; reading flooring measurements & ordering all needs, receiving it, and scheduling install. Combined these departments generate over \$15 million in sales per year. High pace, high demand environment leading to excellent customer service skills.

Jan '13 - Sept '16

Apline Meadows Management // Breckenridge, CO 80424

### ACCOUNTS RECEIVABLES

Handled timeshare and property accounts for multiple HOA's in accounts receivables. Managed statements and organized payments to ensure accuracy for the company and owners. Dealt with HOA boards pertaining to quality policy on dues and payments. Sat and recorded monthly HOA meetings.
